Chapter 533 The White Wizard Zeref

*Sign above door: Impatiens

Let's go check.

What was that...?!

It came from the guild!

Lexus...

Every-body...

!!

TROOP

TROOP

Hold up, old man!

TROOP

Σ" TROOP

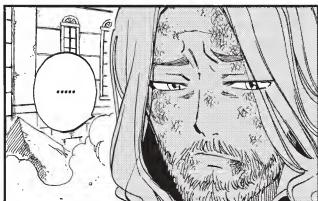

I think
she has
some
kind of
plan.

The first
master told
us not to go
anywhere near
the guild.

I really
want to return
him to the
guild as soon
as possible,
though...

They
are...
men...

They
lured him
away?

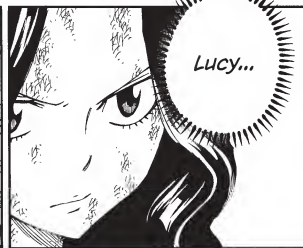

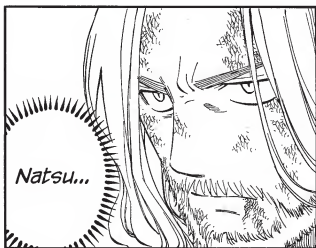

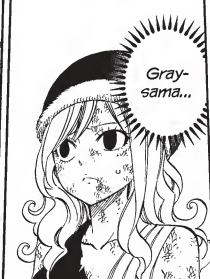

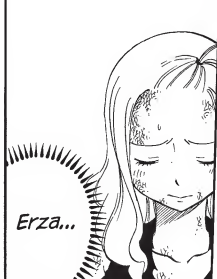

I'm
looking
for them
now.

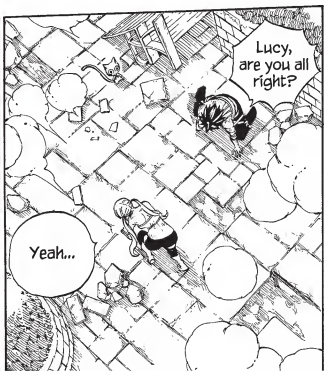

Where's
everyone
else?

What
happened to the
black dragon?
I don't sense
him here
anymore...

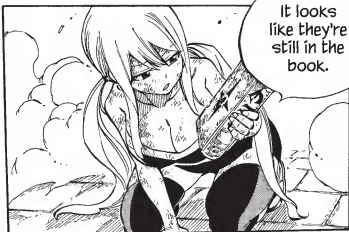

I saw him
chasing
Pegasus's
airship.

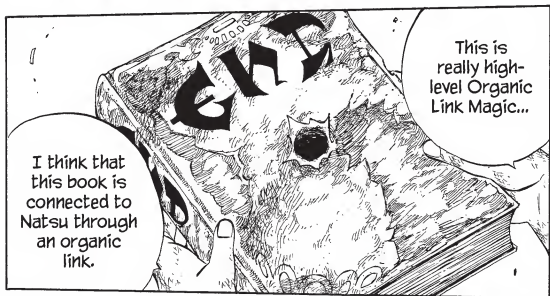

What's
the deal with
that thing?

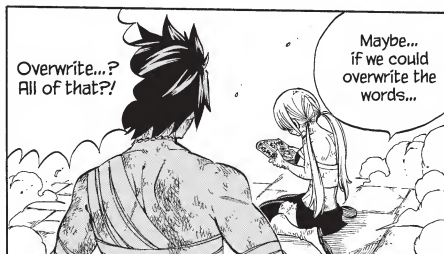

It looks
like they're
still in the
book.

This is
really high-
level Organic
Link Magic...

I think that
this book is
connected to
Natsu through
an organic
link.

Overwrite...?
All of that?!

Maybe...
if we could
overwrite the
words...

Huh?

We don't have to overwrite the whole thing.

I'm sure there's a page in there that will save Natsu.

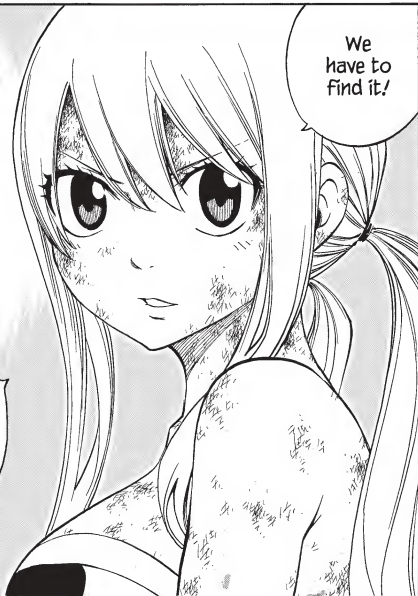

And that was only a fraction of what's in there!

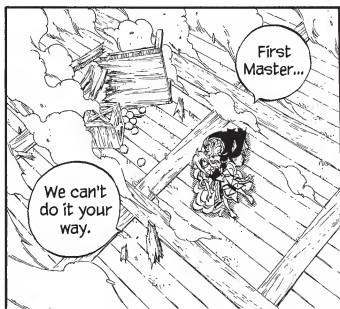

All we did was open one page, and a whole torrent of words came out!

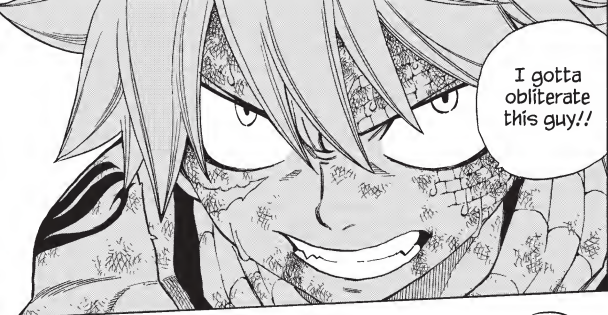

We have to find it!

I'm certain that's our part in this!

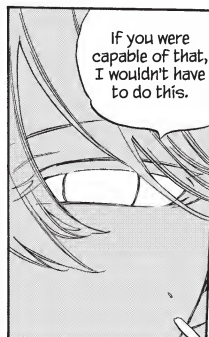

I gotta obliterate this guy!!

Obliterate me?

You?

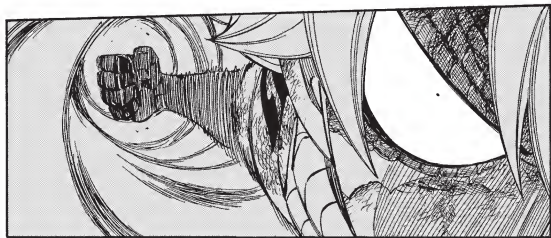

If you were capable of that, I wouldn't have to do this.

What? You see somebody else here ?!!!

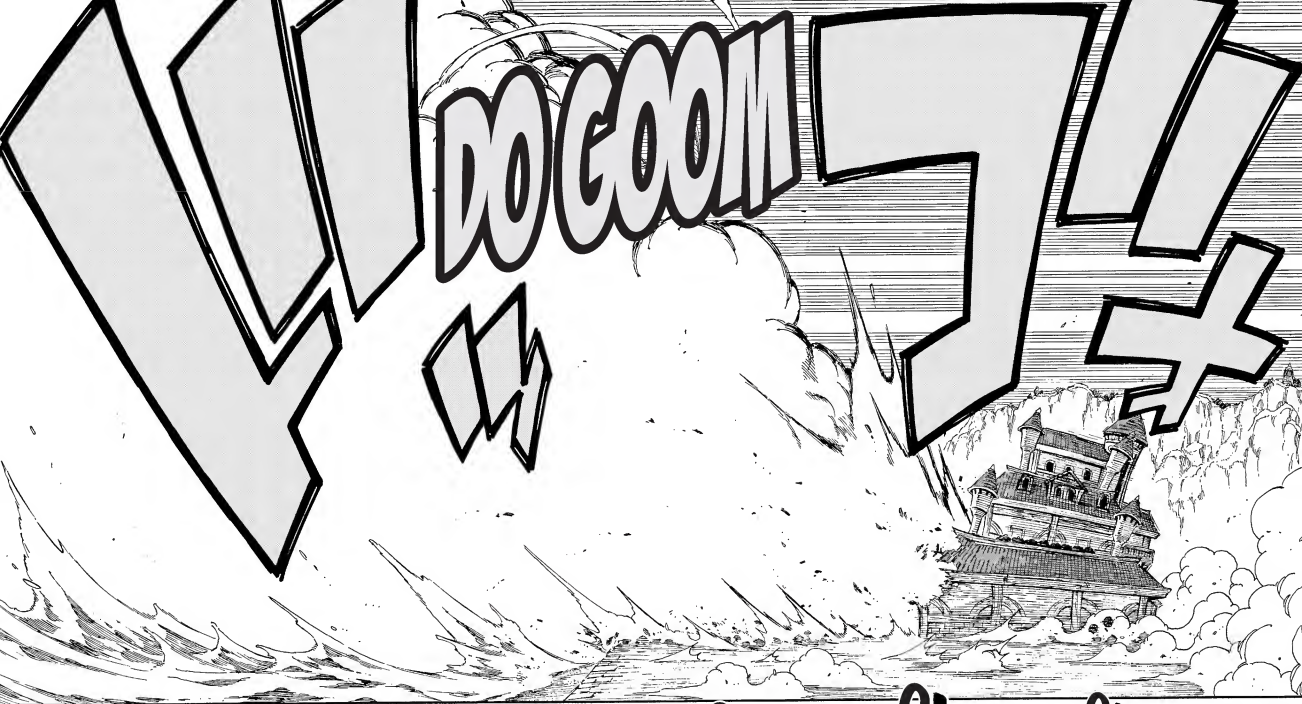

*Fire Dragon King's...

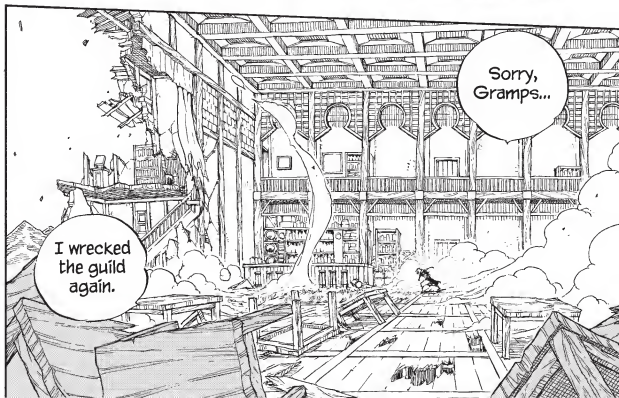

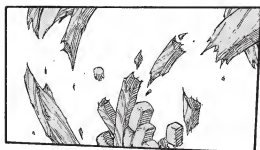

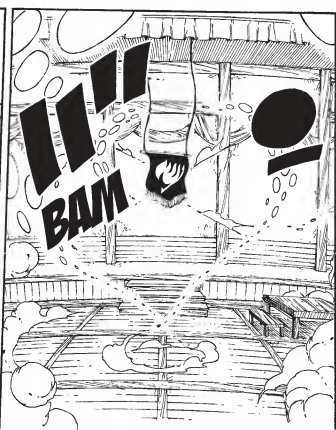

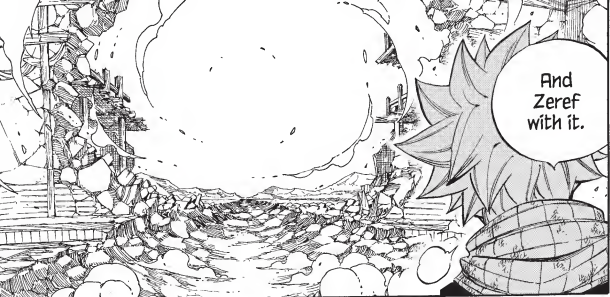

... HÔKEN*
!!!!

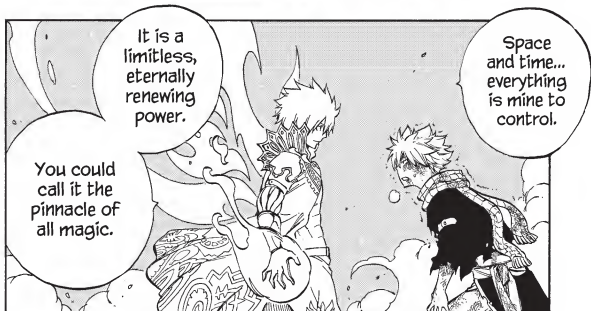

DOON!

*Demolishing Strike!!!!

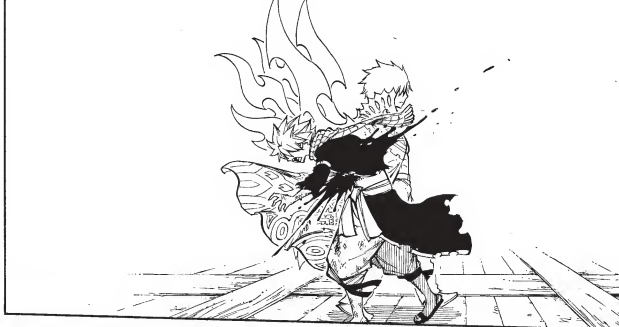

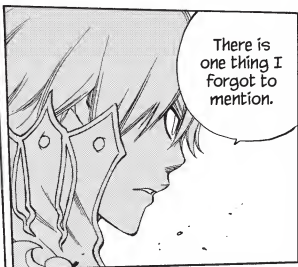

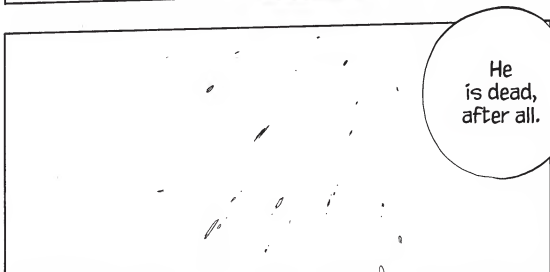

There is
no need to
apologize to
Makarov.

There is
one thing I
forgot to
mention.

He
is dead,
after all.

I hope you
meet him in
heaven.

534, "The Door to the Vow"...
